

Principles of Teaching the Adult Learner

A Nursing Educator introductory course

This self-study module provides a basic understanding of teaching adult learners in the nursing program or nursing school. The intent is to establish an overview of teaching and learning principles.

After successfully complete the post-test, assignment, and evaluation, the learner would receive two recognitions.

1. Accumulate 30 continuing education hours from the State of California Registered Nursing Board.
2. The learner would satisfy the “teaching course” required by the California Board of Vocational Nursing and Psychiatric Technician (BVNPT) in order to teach at a Vocational Nursing school in California.

Chapter 1: facilitate learning covers learning needs, styles, delivery methods, teaching theories and strategies.

Chapter 2: facilitate learner development and socialization covers diversity, traditional vs. non-traditional learner, and domains of learning.

Chapter 3: classroom management.

Chapter 4: assessment and evaluation to enhance and modify teaching and learning prodigies.

RESOURCES, INC.**

Nurse Educator

The mediocre teacher tells.

The good teacher explains.

The superior teacher

demonstrates.

The great teacher inspires.
